Sage 50cloud Pastel Partner

Accounting software for growing businesses.

Sage 50cloud Pastel is easy-to-use accounting software for your business. With Sage 50cloud Pastel you can work with the mobile services giving you anywhere, anytime access to your business data, performance, contacts, records and documents.

Sage 50cloud Mobility
Empower and mobilise your workforce to generate sales from invoices using our new mobile app. With full search functionality and the ability to lookup your customers based on location. You will be able find your customers and conduct business on the road.

Productivity boosting cloud features
Integration with features like Direct Bank Feeds, Cloud Document Storage, invoicing and Payroll/ Payments Integration help customers to boost productivity, cut down on manual tasks and save hours every week.

Business reporting at the click of a button
Creating the perfect report can take hours, if not days to complete. Sage 50cloud Pastel Intelligence (BIC) automates your reporting process so that you can focus on actually analysing the information to make informed decisions with confidence. Use the standard report templates or design your own report templates in MicrosoftTM Excel® and update them straight from your Sage Pastel software.

Accept payments from your customers
Sage Business Cloud Payments is a safe and easy way for customers to pay you, using a range of simple, secure, and reliable payment solutions. Accept payments online, face-to-face, over the phone, and through invoices with all business-critical features included as standard.

Favourites option
Add your favourite or most used options to our new Favourites option which we have added to the menu bar to allow for easy access. Easily customise the order of these options within the Favourites menu for even more convenience.
